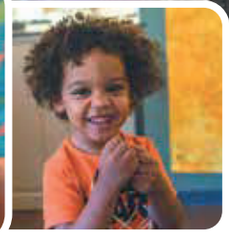
MOUNTAINSTAR FAMILY RELIEF NURSERY

MountainStar Family Relief Nursery's mission is to prevent child abuse and neglect through community support and therapeutic services that help vulnerable children and families succeed. We are the only program in Deschutes, Jefferson, and Crook Counties providing therapeutic classrooms, parenting education services, and family support targeted at protecting children ages 0-5 who are at significant risk for abuse and neglect.

MountainStar works directly with Central Oregon families living in crisis. The infants and toddlers we serve live in households with an average of 13 risk factors, including extreme poverty, substance abuse, mental health issues, and a history of family violence. 75% of the families we serve live below the federal poverty level and 100% of children are considered at-risk of abuse/neglect.



For young children, extreme trauma is debilitating, causing an inability to create healthy bonds with family members and others they encounter. We often see developmental delays and an inability to understand and process emotions. MountainStar's therapeutic classrooms provide a unique environment that helps vulnerable children reach age appropriate benchmarks for social and emotional learning while growing their resilience.

In 2018, MountainStar successfully kept 98% of children in our program safe from confirmed cases of abuse and neglect. By partnering with parents, we keep kids safe.

FENCES FOR FIDO

Fences For Fido has unchained over 2000 dogs living outdoors in the Pacific Northwest since 2009. Last year alone, we unchained more than 200 dogs and unchain at least 20 more dogs every month. We ease the pain and suffering of dogs living outside on chains by providing fenced yards so dogs can live in freedom. When we learn about a chained dog, we immediately deliver a custom-built, insulated dog house with warm dog beds inside. Critical vet care and spay/neuter are also core to our mission.

We refer to this work as "Love in action!" Join us!

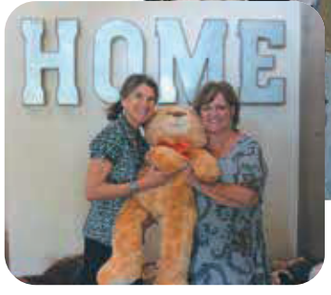
RONALD MCDONALD HOUSE CHARITIES

For over 20 years, Ronald McDonald House Charities of Oregon and Southwest Washington has provided a "home away from home" for families with children under the age of 22 who need medical attention. At our Bend Ronald McDonald House we serve many families with a baby in the Neonatal Intensive Care Unit who isn't just quite ready to come home from the hospital right away. We also serve many families from our rural communities throughout Central, Eastern and Southern Oregon who are traveling to the Bend area for medical consultations, treatment and attention. Our Bend House has six family suites along with a beautiful outdoor area and playground, entertainment room, play room, a fully stocked kitchen and pantry, home cooked meals in the evening, all residing in a beautiful timber framed home truly representing the love of our community who built this house.

Ronald McDonald House Charities®
Oregon & SW Washington

Our organization is built on the simple idea that nothing else should matter when a family is focused on the health of their child. A child's medical treatment and access to care should not be restricted based on proximity to home, and families should not have to worry about where they can afford to stay during treatment, or where they will be able to get their next meal. At RMHC, we believe that when a child is hospitalized, the love and support of their family being physically with them, is as powerful as the strongest medicine prescribed. The Bend Ronald McDonald House is a place that provides the opportunity, along with compassionate hospitality, for the entire family to heal.



As our communities grow, the demand for medical services and treatment grows, the need for lodging close to the hospitals and medical providers grows, as does our occupancy. Please consider supporting the Bend Ronald McDonald House.
